Unit Test II

Name of the student-

Total marks-

1) In PCl_5 hybridization is...

A) sp^3

B) sp^3d

C) sp^3d^2

D) sp^3d^3

2) Molecular orbitals are.....

A) monocentric

B) dicentric

C) neutral

D) nondirectional

3) Bond order of CO molecule is.....

A) 2

B) 3

C) 1

D) 2.5

4) In phase combination of AOs gives.....

A) bonding MO

B) antibonding MO

C) nonbonding orbitals

D) unstable MO

5) Octet rule proposed by....

A) Heitler

B) London

C) Slater

D) Lewis

6) A type of overlap in HCl is.....

A) S-S

B) P_x - P_x

C) P_y - P_y

D) s- P_x

7) HCl in gaseous phase is....

Coaching for Advanced and Slow learners

Academic Year-2021-2022

One page report

Department of Chemistry has conducted the Remedial coaching. It begins on 9th October 2021. On Wednesday and Thursday of every week the coaching was given to slow learners at 10.20 am to 11.10 am and coaching to advanced learner was given to Friday and Saturday at 10.20 am to 11.10 am. The students were selected through merit list. The top five students who in a merit of 12th standard as advanced learners and the students who were below to an average in a merit list of 12th standard selected as slow learners. Syllabus was framed on the basis of university syllabus. Unit test I and Unit test II was conducted for slow learner. Guidance and counseling was given to advanced learners. For this coaching Dr. Pore S. B. Head department of Chemistry and all Chemistry Department Teaching Staff has given a valuable contribution.

Advance Batch and Slow Batch Year 2021-2022

Botany department

Following Students have been selected for improving academic performance through slow learner Batch and advance learner Batch.

Students, having good academic record, regularity and punctuality, have been selected for advance learner Batch. Student those who are weak academically and not regular, are included in slow learner Batch. The slow and advance students are decided on the basis of the marks obtained in first semester.

Batch	S.N.	Name of the student	Performance, Improving Programme
Advance learner Batch		1) Kavita Shrikant Lokhande 2) Sonali Ramchandra Jadhav 3) Payal Krushnat Raut 4) Pratibha Ashok Sabale 5) Manisha Sarjerao Kalantre	Seminars, Tests solving of university question paper
Slow learner Batch		1) Tanuja Sarjerao Maingade 2) Gauri Valmik Mane 3) Pratiksha Devanand Nyare 4) Aniket Rajaram Chavan	Tests, Home assignments

Activities :-

- For advance learner Batch: - Solving of university question paper. Conduction of seminars. Tests.

For slow learner Batch:- Tests, Home assignments

Unit Test I

Name of the student-

Total marks

1) Ordinary differential equation involves.....

A) only dependent variable

B) only independent variable

C) total derivative

D) partial derivative

2) order and degree of differential equation

$$\frac{d^3y}{dx^3} + x \left(\frac{dy}{dx}\right)^2 = 0$$

A) 3, 1

B) 3, 2

C) 3, 4

D) 4, 1

3) The equation $\frac{dy}{dx} = \sin x$ is.....

A) linear

B) non linear

C) homogenous

D) first order non linear

4) Ordinary differential equation are those which involve total derivative of independent variable

A) one

B) two

C) three

D) fourth

5) Non inertial frame of reference is.....

A) accelerated

B) un accelerated

C) mechanical

D) displacement

6) Newton's second law of motion is given by

A) $F = ma$

B) $F = mv$

C) $F = m/a$

D) $F = mt$

7) The dimensions of impulse of force are same as dimension of.....

A) force

B) momentum

C) velocity

D) acceleration

8) According to Newton's second law of motion force acting on a body is proportional to its rate of change of

A) Velocity

B) momentum

C) acceleration

D) displacement

9) According to Newton's third law of motion action and reaction act along ofdirection

A) the same

B) apposite

C) Perpendicular to each other

D) always random

10) The time rate of change of angular momentum is.....

A) linear acceleration

B) angular acceleration

C) force

D) torque

Unit Test II

Name of the student-

Total marks-

- Momentum of inertia in rotational motion is analogous to the ----- translational motion.
A) Momentum
B) mass
C) Force
D) volume
- Just as force produces linear motion ----- produces rotational motion.
A) torque
B) angular momentum
C) angular acceleration
D) velocity
- Mass is the measure of ----- in linear motion.
A) Moment of inertia
B) inertia
C) Force
D) acceleration
- Moment of inertia of a spherical shell about its diameter is given -----
A) $\frac{2}{3} MR^2$
B) $\frac{3}{2} MR^2$
C) $\frac{5}{3} MR^2$
D) $\frac{7}{3} MR^2$
- Acceleration of a body rolling down an inclined plane is independent of ---- of the body.
A) Radius
B) mass
C) radius of gyration
D) velocity
- The greater the value of K , as compared with R, the ----- acceleration of ---- of the body rolling down an inclined plane.
A) greater
B) smaller
C) bigger
D) medium
- A rigid body capable of oscillating freely about a horizontal axis passing through it is called a -----

A) simple pendulum

B) compound pendulum

C) torsion pendulum

D) bar pendulum

8) The greater the value of K as compared with R , the ----- the time it takes in rolling down an inclined plane.

A) greater

B) smaller

C) faster

D) zero

9) The angular acceleration of a compound pendulum is directly proportional to its -----

A) Mass

B) linear displacement

C) angular displacement

D) angular velocity

10) The centre of suspension and centre of oscillation of a compound pendulum

A) Cannot be interchanged

B) are interchangeable

C) are not two different points

D) three different points

Coaching for Advanced and Slow learners

Academic Year-2021-2022

One page report

Department of physics has conducted the Remedial coaching. It begins on 1st November 2021. On Monday and Tuesday of every week the coaching was given to slow learners at 10.00 am to 11.00 am and coaching to advanced learner was given to Wednesday and Thursday at 10.00 am to 11.00 am. The students were selected through merit list. The top five students who in a merit of 12th standard as advanced learners and the students who were below to an average in a merit list of 12th standard selected as slow learners. Syllabus was framed on the basis of university syllabus. Unit test I and Unit test II was conducted for slow learner. Activities such as university question paper solving, group discussion, and home assignments for advanced learner. Guidance and counseling was given to advanced learners. For this coaching Prof. Kharat K R Head department of physics and Prof. Naik P.S has given a valuable contribution.

Coaching for Slow and Advanced Learners

Programme of Coaching for Slow and Advance Learners:

Preface:

It is generally observed that the heterogeneous classes of higher educational institutes require multiple teaching learning methodologies. Hence, it becomes very essential that the HEIs must identify the advanced and slow learners so that no student is left behind in the educational process.

Process of identifying Advanced and Slow Learners:

Our teachers identify the advanced and slow learners at the very beginning of the academic year. In order to do so, the students are identified as Slow and Advanced learners based on their marks obtained in HSC exams. Students who have obtained below the average percentage are identified as slow learners and students who are at the top of the list are figured out as the advanced learners. Accordingly, different strategies are applied to enhance their learning capabilities for both categories of students.

Special Programme for Slow Learners:

In regard of slow learners, 'Special Coaching' is conducted for Slow learners as per the recommendation of IQAC. The separate time-table is prepared by the department and the students are provided a special guidance accordingly. These students are also given home assignments. Tests are also conducted.

Advanced Learners:

In respect to advanced learners, our department aims to enhance their learning experiences by organizing various activities such as seminars and Quiz Competition.

Coaching for Advanced and Slow Learners

Activities conducted for Advanced Learners:

Sr. No	Name of Activities
1.	Organization of Seminars
2.	Conducting General Knowledge Test
3.	Issuing Borrow Cards
4.	Participation in Elocution Competition
5.	Participation in Essay Competition
6.	Participation in Quiz Competition

Activities conducted for Slow Learners:

Sr. No	Name of Activities
1.	Organization of Proficiency Test
2.	Participation in Situational Based Speeches
3.	Participation in Elocution Competition
4.	Participation in Essay Competition

Report

Advanced and Slow Learners

Department of English has conducted the coaching for the *Slow and Advanced Learners* as instructed by IQAC under the guidance of Hon. Prin. Dr. Sunil Helkar for the academic year 2021-22. The objective of this course is to enhance the *basic skills* of English language and knowledge of the grammar of the students.

The main focus is that students should not lag behind mainstream of education due to knowledge and skills of English language.

After the completion of this course, the students will be able to speak English accurately and fluently.

For this programme, the separate time-table and schedule are prepared according to our departmental regular activities and programme.

The faculty members of the Department successfully completed formal and functional grammar which is included in the syllabus in the stipulated time. Various activities such as Quiz, situational based speeches, seminars have been conducted in the classroom for advanced learners. More emphasis was given on practice sessions. Evaluation was also done by conducting the tests.

For this course, Hon. Prin. Dr. Sunil Helkar has given the precious guidance to us. The faculties from Department of English Prof. Chavan S.N., Dr. Panade S.V. and Prof. Desai C.B. have conducted this programme.

Notice

All the students of B Sc. I are hereby informed that the department of Statistics / Mathematics has resumed extra coaching for slow and advanced learners in second semester. The classes will start from 7th March 2022. It is compulsory to attend these extra classes. For further details contact Mr. Thorat V. S. The schedule is as follow;

Time	Subject	Class	Day	Batch
10.00 to 10.50 am	Mathematics	B. Sc. I	Tuesday	Slow learner
			Friday	Advanced learner
	Statistics		Wednesday	Slow learner
			Thursday	Advanced learner

Head
Department of Mathematics
Prof. Dr. N.D.Patil Mahavidyalaya
Malkapur, Dist. Kolhapur

PRINCIPAL

Coaching for Advanced and Slow learners

Batch Year 2020-21

Physics department

Following Students have been selected for improving academic performance through slow learner Batch and advance learner Batch.

Students, having good academic record, regularity and punctuality, have been selected for advance learner Batch. Student those who are weak academically and not regular, are included in slow learner Batch. The slow and advance students are decided on the basis of the marks obtained in 12 standard.

Batch	Sr.No.	Name of the student	Performance, Improving Programme
Advance learner Batch	1	Warang Surekha Ramchandra	Tests, Seminars, solving of university question paper
	2	Patil Satyajit Ramchandra	
	3	Kalantre Manisha Sarjerao	
	4	Lokhande Kavita Shrikant	
	5	Jadhav Vaishnavi Dattatray	
Slow learner Batch	1	Patil Sayali Keshav	Tests, Home assignments
	2	Parale Pratiksha Sambhaji	
	3	Chavan Kajal Laxman	
	4	Adsule Piyusha Subhash	
	5	Sutar Vaishnavi Sanjay

Academic Year-2021-2022

Semester I Unit Test

Name of the student-

Total marks-

11. The process of determining the resultant of number of vectors called.....

A) vector resolution

B) Vector addition

C) vector multiplication

D) vector division

2. The triangle law of vector addition can be used to find the result of.....

A) only two vector

B) parallel vector

C) unit vector

D) more than two vector

3) The scalar product of a vector with itself is equal to

A) its magnitude

B) square of its magnitude

C) Zero

D) infinity

4) If the vector product of two non zero vectors is zero, the vector must be.....

A) parallel to each other

B) perpendicular to each other

C) inclined at an angle 45 with each other

D) always random

5) The relation between linear velocity \vec{v} , the radius vector \vec{r} and angular velocity $\vec{\omega}$

A) $\vec{v} = \vec{r} \times \vec{\omega}$

B) $\vec{v} = \vec{\omega} \times \vec{r}$

C) $\vec{\omega} = \vec{v} \times \vec{r}$

D) $\vec{\omega} = \vec{r} \times \vec{v}$

6) Acceleration \vec{a} is a Order derivative of position vector \vec{r} with respect to the parameter time t is....

A) first

B) second

C) third

D) forth

7) The total mechanical energy is conserved if the force acting on the system is.....

A) conservative

B) non conservative

C) frictional

D) electromagnetic

8) Dynamics of a body can be studied in a more simple way by assuming that the whole mass of the body is concentrated at a point called

A) geometrical center

B) center of gravity

C) center of mass

D) center of mass

9) If the frame of reference is changed then.....

A) the value of physical quantity is not changed

B) physical laws are changed

C) the conservation laws are not obeyed

D) the conservation laws are obeyed

10) The time rate of change of angular momentum is.....

A) linear acceleration

B) angular acceleration

C) force

D) torque

Unit Test II

Name of the student-

Total marks-

- Momentum of inertia in rotational motion is analogous to the ----- translational motion.
A) Momentum
B) mass
C) Force
D) volume
- Just as force produces linear motion ----- produces rotational motion.
A) torque
B) angular momentum
C) angular acceleration
D) velocity
- Mass is the measure of ----- in linear motion.
A) Moment of inertia
B) inertia
C) Force
D) acceleration
- Moment of inertia of a spherical shell about its diameter is given -----
A) $\frac{2}{3} MR^2$
B) $\frac{3}{2} MR^2$
C) $\frac{5}{3} MR^2$
D) $\frac{7}{3} MR^2$
- Acceleration of a body rolling down an inclined plane is independent of ---- of the body
A) Radius
B) mass
C) radius of gyration
D) velocity
- The greater the value of K , as compared with R, the ----- acceleration of ----- of the body rolling down an inclined plane.
A) greater
B) smaller
C) bigger
D) medium
- A rigid body capable of oscillating freely about a horizontal axis passing through it is called a -----
A) simple pendulum
B) compound pendulum

C) torsion pendulum

D) bar pendulum

8) The greater the value of K as compared with R , the ----- the time it takes in rolling down an inclined plane.

A) greater

B) smaller

C) faster

D) zero

9) The angular acceleration of a compound pendulum is directly proportional to its -----

A) Mass

B) linear displacement

C) angular displacement

D) angular velocity

10) The centre of suspension and centre of oscillation of a compound pendulum

A) Cannot be interchanged

B) are interchangeable

C) are not two different points

D) three different points

Advance Learners Scheme 2021-22

Notice

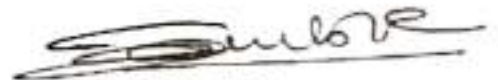

Following students are informed that their special lectures under Advance Learners' scheme will start on Saturday 3rd Dec. 2021. Lectures will be on every Friday Saturday during 11.50a.m. to 12.30 p.m. All students are informed that they must be present to lectures. At the end of semester examination will be conducted based on MCQ. Time table of the teaching is as follows:

Sr.	Day	Subject	Name of Teacher	Time	Hall No.
1.	Friday	Accountancy	Mr. A. T. Redekar	11.50a.m. to 12.40 p.m.	B Com I

Slow and Advance Learner Report
(2021-2022)

Department of Economics has conducted the Remedial Teaching. It began on 1st September 2021. The special lectures were conducted for Slow Learners of B.A.-I on Monday and Tuesday of every week at 12.00 p. m. – 1.00 p. m. and the coaching to Advanced Learners was given on every Monday of a week. The students were selected through merit list. The top five students who in a merit list of B. A.-I were selected as an Advanced Learner and the students who are below to an average in a merit list of B. A.-I are selected as Slow Learners. Syllabus was framed on the basis of economics. Proficiency Test was conducted in this coaching to slow Learners. Pre-test and Post-test was conducted for Slow Learners. Activities such as Seminars, Tests and Open-book tests were done for advanced students. Guidance and Counseling was given to Advanced Learners. For this coaching Prof. Dr. Bansode S. P. Head, Department of Economics, Prof. Dr. Bhoge D. B. and Prof. Dr. Barale S. I. has given a valuable contribution. Hon. Principal Dr. Sunil Helkar motivated us. So thanks to all.
